1958

Dedication

We, the yearbook staff, dedicate this Torch to the graduating class of 1958 for being the first class to complete four years of education at Hazelwood High School.

During this time, these Seniors have seen Hazelwood grow, both in enrollment of students and in the erection of a new wing. They have seen their athletic teams, handicapped by inexperience and inadequate facilities, overcome these problems by initiative and hard work. They have seen Hazelwood High become known to the people outside.

These Seniors can be proud of their school, for they formed the root of it four years ago when they helped to name the school, the emblem, and the colors; and as it has grown, so also have they.

Administration

Superintendent

Hazelwood Schools are concerned with providing opportunity for effective learning along lines believed desirable by the supporting community. The primary responsibility is to enable young men and women to build on the heritage of the past.

This means our school is concerned with developing not only the skills of learning and communication, but also the abilities to define and solve problems and to exercise discriminating judgment in choosing goals and means of attaining goals.

Persons so educated will value their free institutions, and will look critically upon their operation and seek constantly to make them more effective for the realization of aspirations.

Mr. Clifford R. Kirby

Principal

Our society depends upon individuals having the ability to work cooperatively and effectively with others. Although this concept points up the necessity for competence in vocational training, there is also involved the matter of human relations. At the present time there is considerable literature dealing with our lack of scientists and mathematicians. It is important that we have adequately prepared youth to care for America's needs in these fields. However, it is also imperative that our country's citizens are prepared to deal humanly with people in other lands to solve problems common to many. The secondary schools of today are training youth to fulfill these objectives. This yearbook represents, on a minor scale, a segment of that training. Congratulations to the yearbook staff and sponsor for a job well done.

Mr. C. O. McDonald

Board of Education

LEFT TO RIGHT: Mr. Clifford Kirby; Mr. James Wehmer, President; Mr. Howard Gamble, Vice-President; Mr. Robert Bond; Mr. J. W. Hord; Dr. Raymond Sundermann, Secretary; Mr. Harry Grannemann, Treasurer; Mr. George Vancil.

"The School Board is typical of the form of government of many institutions in the United States — churches, hospitals, schools, libraries, welfare and character-building agencies as well as business and commercial organizations. It is American tradition to form a govering board when the affairs of an organization get too complicated for the membership to operate.

The American School Board has served to keep the public schools an immediate possession of the people rather than of general government or of professional educators or of private corporations. It has also served as a prime protection against the domination of schools by an ism or any centralized pattern for remolding society.

OUR SCHOOLS BEGAN AS LOCAL INSTITUTIONS; SCHOOL BOARDS KEEP THEM THAT WAY."

Officers

Phyllis Marks, Secretary; Jerry Sparks, President; Janice Woodley, Vice President; Betty Valleroy, Treasurer.

The Junior High Student Council completed a very successful year under the leadership of Jerry Sparks.

The Junior High worked with the Senior High in helping to run the Student Council Store, in donating food to a needy families a Christmas, and many other worth while projects. On their own the Junior High sponsored two very fine dances and took part in a third, sponsored by the Senior High.

Throughout the year they have done consistently fine work, of which, the Jr. High Students may well be proud.

Football

The Hawks 3—3—1 record is the best ever compiled by a Hazelwood team. It was good enough to place them in second place in the North County Conference.

The Team played their best game of the season against Wellston, defeating them 14—4. In a hard fought game for the championship, the Hawks were defeated by Pattonville 27—6.

Despite a poor record this year's wrestling team showed many bright moments. Two wrestlers Rick Huddleston and Jerry Kirk had excellent season records. Rick won 18 matches lost 2 and pinned 7 opponents. Jerry had a 21—1 won lost record and had 12 pins. The team overall record of 6 wins, 9 losses and 1 tie was not too impressive, but they can boast of having no seniors on the squad meaning that the complete team will return next year. They also ranked 13th in state scoring 23 points. This is more impressive than it sounds and a better season is in the offering for next year.
